FIRST SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56, it is respectfully requested that this Supplemental Information Disclosure Statement be entered and that the documents listed on the attached Form PTO-1449 be considered by the Examiner and made of record. Copies of the listed documents required by 37 C.F.R. § 1.98(a)(2) are enclosed.

In accordance with 37 C.F.R. § 1.97(g),(h), this Information Disclosure Statement is not to be construed as a representation that a search has been made and is not to be construed to be an admission that the information cited is, or is considered to be, material to patentability as defined in 37 C.F.R. § 1.56(b).

This Information Disclosure Statement is being filed prior to the receipt of the first Official Action reflecting an examination on the merits and hence is believed to be timely filed in accordance with 37 C.F.R. § 1.97(b). Therefore, no fees are believed to be due in connection with filing of this Information Disclosure Statement.

Documents numbered 55-59 and 64-66 are newly listed. Documents 62 and 63 correspond to Documents 30 and 39, respectively, which were submitted on March 15, 2004 with a prior Information Disclosure Statement. In an abundance of caution Document 62 is resubmitted as a subsequent review of the copy in the file showed that three pages were missing. Document 63 is resubmitted as the prior listing did not include the page numbers of the journal from which the document was obtained.

Noted.
